

# Schaedler *yesco*

## **Gear & Power Distribution**

Trusted, real life solutions for the construction industry

# Real life experience. Real life solutions.

A valuable gear partner offers more than just the product you plan to install. At Schaedler Yesco Distribution, we are proud to have a deep bench of professionals to support your power distribution needs.

## Design / Build Projects

Led by our Construction Solutions Manager, our specialist team understands the unique requirements of large projects. We offer services to help you make strong decisions that save time and money and can help you improve your profitability.

- Project Specification Review
- Design Assistance
- Bid Packages with leading suppliers
- Project Management from beginning to end
- Energy Studies to determine usage and potential savings
- Arc Flash Studies
- Code Guidance

## Commercial & Residential Needs

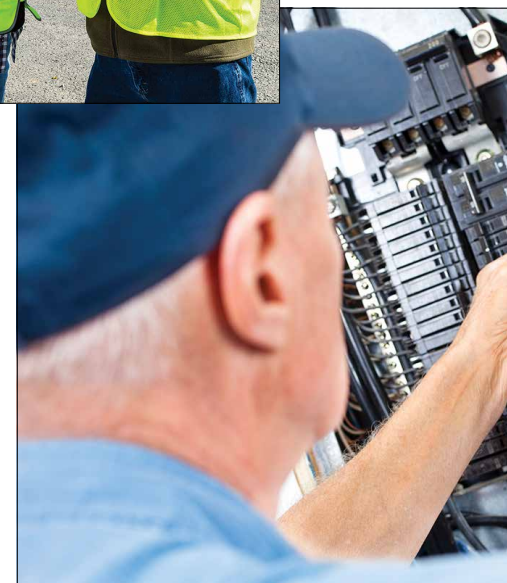

When it comes to smaller projects and everyday needs, our local teams are your technical resource to help you get your job done on time and to the project requirements. We understand your challenges and can help.

- In Stock offering of the most important and most popular items
- Fast special order fulfillment
- Field Support
- Product Review
- Code Guidance

## What You Can Expect

Schaedler Yesco is more than a distributor. We're a business partner focused on the details that help make you more competitive and more profitable, regardless of the job size. When you work with us, you can expect:

- Comprehensive solutions for your specific needs
- Professional, technical support
- Fast, local decisions without the red tape
- Efficient, regular communication
- Reliable deliveries

## Construction Services

Schaedler Yesco is the largest independently owned, full-service electrical distributor in the markets we serve. We understand that business is about more than having the right products. It's about integrity, reliability, and expertise. Our Construction Services Team can help with many of your construction needs:

- Commercial Lighting & Controls
- Gear & Power Distribution
- Energy Savings Solutions
- Data Networking & Data Center Solutions
- Security, Fire, Surveillance, and Call Center Systems
- Controls, Switches, Drives, & Sensors
- Wire & Cable Services
- Enclosures and Custom Modifications
- Job Site Material Management
- Staging & Storage Services
- Recycling Programs for batteries, ballasts, & lamps
- Emergency Services
- Training and Skills Management
