Furred Wall Box™, 1- and 2-gang

Arlington's new Furred Wall Box™ makes challenging outlet box installation easy! The high strength outlet boxes are designed for use with existing 1x2 drywall furring strips but can also be mounted on a concrete block wall between furring strips so installers can place the box/outlet where needed.

There's NO NEED to break out concrete block. NO NEED to install separate furring strips. And NO NEED to seal the block wall breakout and box.
